PROVIDING BUSINESSES WITH EXCEPTIONAL STAFFING SERVICES & DIGITAL CONSULTING SOLUTIONS

STAFFING SOLUTIONS

Planet Technology is a global staffing and consulting firm that specializes in providing highly skilled technical resources within the Core Technology, Cybersecurity, Enterprise Systems, and Creative & Digital sectors. We go to great lengths to match the unique requirements of our clients with resources who provide technical solutions. Our holistic vetting process ensures our consultants have both the technical expertise and functional experience to quickly make an immediate impact within your organization.

Some of the areas we provide staffing solutions for:

- PROJECT MANAGEMENT
- BUSINESS ANALYSIS
- SOFTWARE DEVELOPMENT
- SOFTWARE QUALITY ASSURANCE
- AGILE AND SCRUM

- BI AND DATA ANALYTICS
- TECHNICAL AND FUNCTIONAL ERP
- UI/UX DESIGN
- NETWORK AND SYSTEMS SUPPORT AND ENGINEER
- CYBERSECURITY AND COMPLIANCE

CONSULTING SOLUTIONS

Planet Technology has project-based solutions teams and practice groups that can help implement high ROI solutions for your company. We can co-manage the project in tandem with your team or another partner or outsource the project as a whole using our delivery team. We can provide these consulting solutions to you domestically, globally or from a blended approach.

Some of our practice groups for Digital Consulting include:

- DATA & AI
- TECHNOLOGY STRATEGY & ARCHITECTURE
- CYBERSECURITY & COMPLIANCE

- CLOUD & INFRASTRUCTURE
- MANAGEMENT CONSULTING
- DIGITAL BUSINESS TRANSFORMATION
